

**THE INTERNATIONAL PLASTICS SHOWCASE**  
June 22-26, 2009 • McCormick Place • Chicago, Illinois USA

# Asia Networking Reception

On behalf of the International Trade Center (ITC) at NPE2009, you are cordially invited to the Asia Networking Reception to be held from 3:30 – 5:00 p.m. on Thursday, June 25 in the ITC (S100C) in the South Hall. SPI's Senior Director, International Trade and Trade Counsel will begin the reception by providing a brief overview of market conditions in this region and export trends. In addition, U.S. Commercial Service Specialists from the region will be on hand to provide additional market insight and assistance. So come by the ITC to grab a drink and take advantage of this opportunity to meet with new and existing colleagues and business partners from Asia.

No RSVP is required to attend the reception. We look forward to seeing you there!

*With special thanks to Canon Plastics Worldwide Network, the NPE2009 International Host and publisher of numerous trade magazines including:*

Founded in 1937, SPI represents the third largest largest manufacturing industry in the United States. SPI's members represent the entire plastics industry supply chain, including processors, machinery and equipment manufacturers and raw material suppliers. The U.S. plastics industry employs more than 1.1 million workers and provides more than \$379 billion in annual shipments.

NPE2009: The International Plastics Showcase is produced by SPI, the plastics industry trade association.
