2:15pm-3:40pm	Material Supplier Council Advanced Material Recovery Committee <p>Many external factors have challenged the business of recycled plastic in recent years. At the same time, consumer demand for sustainable materials continue to increase and brand owners commit to providing products that are both recyclable and made with recycled content. In this joint Councils session, you will hear from material suppliers who are responding to the challenge by actively pursuing new technologies, beyond current mechanical recycling processing methods, that will keep molecules in play and allow for plastics to be remanufactured back into plastics - once again, showcasing the innovative capabilities of the plastics supply chain. Join us to learn about these new technologies and how the rest of the supply chain can support these efforts.</p>
	<p>This session will include four presentations and a moderated panel discussion.</p> <ul style="list-style-type: none"> • <i>Holli Alexander, Eastman Chemical Company</i> • <i>Ganesh Nagarajan, LyondellBasell (Invited)</i> • <i>Matthew Morrison, SABIC (Invited)</i> • <i>Moderation by Donna Davis, ExxonMobil</i>
