Revenue Accountant:

Examine the association’s financial records to perform revenue reporting for use by management and financial department. Perform routine revenue-side accounting tasks and assist managers continually preparing for annual audit and industry trade shows. Classify high-volume revenues by analyzing 1000s of transactions per month, applying meticulous attention to multiple details in each transaction. Use experience in accounting and auditing to analyze and cross-sect business and financial data. Detect discrepancies, irregularities, or incorrect entries made by non-accounting staff and outside consultants in the trade show’s accounting subledger which feeds into the organization’s iMIS (the association’s management system) and the organization’s accounting system, using audit and fraud detection skills. Perform detailed, multi-year reconciliations for financial reporting, reclassifying revenues using GAAP (Generally Accepted Accounting Principles). Reports to Manager of Revenue Reporting/Budgets/Financial Approvals in CFO’s department.

Requires Associate’s in Accounting and 36 months in the job offered or as Accountant, Auditor or related. Experience must include 36 months accounting & auditing classifying high-volume revenues, fraud detection, and cross-secting business and financial data. Employer will accept any suitable combination of education, training or experience.
